

Everybody's New Once

F5Hovey, 2013-25-06

I'm pumped to throw my hat into the ring with the rest of the awesome bloggers here on DevCentral. After joining F5 Business Development back in 2004, I've focused on a huge range of joint solution development and delivery projects. I've seen a lot. In my current role, working with a broad range of ISVs (like SAP, BMC, EMC, NetApp, CA) and healthcare ISVs (like Epic, McKesson, Cerner), I find myself working on really interesting topics like converged infrastructure, network and application management, compliance, mobility, in-memory computing, public and private clouds, and a zillion other groovy issues du jour. Join me here as I post my most interesting and entertaining adventures, lessons learned, and all-around interesting stuff.
