

In 5 Minutes or Less - Enterprise Manager v2.2

Peter Silva, 2011-05-04

Check out some of the new features in Enterprise Manager v2.2 like Predefined Reports, SSL TPS Utilization, Custom Views, Custom Monitors, Alerts and Reports, EM Virtual Edition, Bulk actions and more.

Enterprise Manager is a centralized management appliance for F5 BIG-IP® devices that gives you a consolidated, real-time view of your entire F5 application delivery infrastructure, plus the tools you need to quickly optimize performance and scale your infrastructure to meet business needs.
