

# Interop2013: DDoS'ing Interop

**Peter Silva, 2013-07-05**

---

For the 3<sup>rd</sup> year in a row F5 has a key role in the Interop NOC and this year we are showing how the [F5 Application Delivery Firewall solution](#) can protect against a DDoS attack against the Interop infrastructure. Ken Bocchino, Sr Consultant with F5 shows the architecture along with both a network layer DDoS attack against the infrastructure and a layer 7 DDoS attack against [Interop.com](#) and how the F5 solution stops it cold.
