

# iRule Editor - Offline Editing

**Joe Pruitt, 2010-15-01**

---

In the latest release of the iRule Editor v 0.10.1, I added several new features. This tutorial will walk through the Offline Editing features I've added that allow you to write your iRules when not connected to the BIG-IP. It will also show you how to take your online iRules and move them offline in preparation for a long plane flight or time without network connectivity.
