

# Orbital Sciences Corporation Case Study - F5 Networks

**Peter Silva, 2010-04-10**

---

One of the world's leading space technology companies, [Orbital Sciences Corporation](#) has pioneered new classes of rockets, satellites, and other technologies that help make the benefits of space more affordable, accessible, and useful to millions of people on Earth.

Watch this interview with Orbital Sciences Senior Director, Information Services, Tom Hall and Senior IS Manager, Bryan Pretre to learn how implementing [F5 ARX](#) helped the organization boost operational efficiencies, minimize disruptive downtime and significantly reduce overall storage costs. As the business has grown, its use of complex engineering applications and the need to keep increasing amounts of data accessible for up to 20 years was pushing its storage environment to the limit. Printed case study can be [found here](#) (pdf).
