

# The Networking ABC's - Q is for QoS

Joe Pruitt, 2008-30-04

---

The letter for today in the Networking ABC's is the letter "Q". There wasn't a big selection of Q words with regards to the networking world. I could have went with queue or query, but those didn't have the umph that Quality of Service does. So, the word for today is the abbreviation for Quality of Service: QoS

## "Q" is for QoS
