

# VMware PEX 2014: NSX Integration Demo (Cano solo)

**Peter Silva, 2014-12-02**

---

Charlie Cano, Biz Dev Sr Solution Architect, demonstrates how F5 services can be deployed and configured from within NSX into the environment. This integration provides access to everything available on the BIG-IP platform. Deploy to physical or virtual environments with the REST based API BIG-IQ, the single point of integration for all your BIG-IP devices.
